

Support Parent Training

Connecting with another parent who has a child with a similar specialized care need or diagnosis can be one of the most helpful resources a parent will have – it can help make their journey a little easier.

Trainings prepare you to give support to another parent who is parenting a child with special health needs.

Join us for our Support Parent Training and help us meet the increasing need for peer support . Trainings are through Zoom.

This is a two hour training. Materials will be emailed ahead of time. The Zoom link will be provided a few days before the event. There are pre and post training requirements.

Thursday, July 14th

6:00-8:00pm

Please RSVP by July 9th
